Dr. Cliff Sanders

From Session #8, **Importance of Word Studies**

WORD STUDY EXAMPLE in John 21:15

Important Practice: never assume that dictionary definition is accurate in every use of the word, but a word's meaning is ultimately determined by the context, how the author uses the word.

DIGGING DEEPER into John 21:15-19

There is a type of replicating of the moment of Jesus calling the disciples years before to solidify Peter's restoration while other disciples observe the conversation:

- ✓ on the beach, Matthew 4 and Mark 1
- ✓ a great catch, Luke 5:1-11
- ✓ charcoal fire, John 18:18
- ✓ early morning rooster crow (Mark Batterson), Luke 22: 60-62

From Session #9, **Process of Application**

APPLICATION: What can we now do with what we've learned?

Effective Application:

- Application is **Personal**
- Application is **Specific**
- Application is **Measurable**

A Simpler way of understanding Application: **What By When?**

John Wesley's comment: ***"How's your doing?"*** not how are you doing?
